

HARIS ARSHAD, PMP®

Technical Project Manager | Agile & Software Delivery Lead

Islamabad, Pakistan | +92 309-5597954 | harisarshad235@gmail.com | [LinkedIn Profile](#) | [harisarshad.site](#)

PROFESSIONAL SUMMARY

PMP®-certified Technical Project Manager with 5+ years of experience directing full-lifecycle software delivery and enterprise engineering initiatives across cross-functional engineering, QA, and DevOps teams. Proven track record establishing Agile/Scrum and Kanban governance, managing multi-project portfolios valued up to PKR 700M+, and reducing delivery delays by up to 80%. Expert at bridging technical architectures with business objectives, building real-time telemetry dashboards, and delivering zero-licensing internal tooling alternatives.

CORE COMPETENCIES & TECHNICAL SKILLS

- **Methodologies & Governance:** Agile (Scrum, Kanban), SDLC Management, Sprint Planning & Backlog Refinement, RAID Logs, Scope & Change Control, Risk Mitigation, UAT Sign-off, Resource Allocation.
- **Project Tools & Platforms:** Jira, Confluence, ClickUp, Azure DevOps, Asana, Trello, MS Project, Primavera P6.
- **Technical & Data Tools:** Power BI, SQL/Relational Databases, API Delivery Workflows, Cloudflare Serverless Ecosystem (Pages, D1, R2).

KEY ACHIEVEMENTS

- **Enterprise Delivery:** Owned end-to-end delivery of the Thunder Energy Analytics platform for Telenor, adapting scope across parallel sprints to launch a production-grade analytics engine.
- **Financial Optimisation:** Captured PKR 103M+ in cost savings (22.5% under budget) on a nationwide PKR 459M Track & Trace System deployment via active cost variance governance.
- **Process Automation & Tooling:** Architected and deployed ApexTrack, an edge-hosted, zero-licensing Jira/Confluence alternative built on Next.js and Cloudflare D1/R2, eliminating per-seat SaaS costs for 20+ cross-functional team members.
- **Executive Visibility:** Automated multi-project reporting by designing real-time Power BI dashboards, reducing reporting overhead by 90% across 150+ operational deployment sites.

PROFESSIONAL EXPERIENCE

Sigma Digital Solutions

Project Manager | Jul 2026 – Present | Islamabad, Pakistan

- Steer concurrent, full-cycle software delivery for three client applications (Taggy, APC, Premier Online) by coordinating sprint execution across distributed engineering and QA teams.
- Act as primary client and technical liaison, translating product roadmaps into epics, user stories, and acceptance criteria to ensure zero scope ambiguity.
- Establish structured delivery boards, WIP limits, and milestone burndown schedules, cutting inter-team communication delays by 35%.
- Standardise technical project documentation, release runbooks, and end-user onboarding manuals, securing 100% on-time user acceptance testing (UAT).

AJCL Pvt Ltd

Project Planning and Control Engineer (PMO) | May 2024 – Apr 2026 | Islamabad, Pakistan

- Managed end-to-end SDLC delivery for the CDA Smart Parking Digitisation initiative, driving requirements gathering, engineering sprints, and UAT verification through scheduled production deployment.
- Reduced critical delivery delays by 80% across a PKR 700M+ portfolio covering 150+ sites by introducing critical path method (CPM) scheduling and proactive dependency tracking.
- Governed portfolio financials and resource burn rates as central coordinator across engineering, regulatory, and vendor teams, maintaining total expenditures within 3% of baseline budget.
- Authored Integrated Master Schedules (IMS) in MS Project, improving cross-functional stakeholder alignment and contract SLA compliance from 62% to 94%.
- Maintained sprint backlogs and proactive RAID registries, achieving an 80% on-time completion rate for high-priority engineering deliverables.

SOFTOO Pvt Ltd

Associate Project Manager | Aug 2023 – Mar 2024 | Islamabad, Pakistan

- Led Agile software delivery for multi-disciplinary teams of 30+ developers and QA specialists, delivering enterprise client platforms for Tier-1 telecoms including Telenor and First Abu Dhabi Bank (FAB).
- Elevated on-time sprint velocity to 70% by introducing structured Scrum rituals (daily standups, sprint reviews, and retrospectives) and unblocking cross-system dependencies.
- Managed client stakeholder expectations through transparent velocity tracking, sprint burnup charts, and bi-weekly milestone demonstrations.

SOFTOO Pvt Ltd

Junior Project Coordinator | Feb 2023 – Aug 2023 | Islamabad, Pakistan

- Overhauled reporting workflows by consolidating project documentation across active web initiatives, cutting milestone reporting discrepancies by 40%.
- Facilitated cross-functional syncs between business analysts and development leads to align technical backlogs with client milestones.

Al Rehman Enterprises & Co

Site Planning Engineer (PMO) | Oct 2019 – Dec 2021 | Rawalpindi, Pakistan

- Tracked critical project baselines and resource schedules using Primavera P6 and MS Project, maintaining milestone compliance across multi-disciplinary site work.
- Resolved field-level execution conflicts by liaising between consultant engineering teams and contractors, minimising on-site work stoppage.

EDUCATION

- **Master of Science (MS) in Project Management** | Bahria University Islamabad | 2022 – 2023
- **Bachelor of Science (BS) in Electrical Engineering** | COMSATS University Islamabad | 2015 – 2019

CERTIFICATIONS & LICENSES

- **Project Management Professional (PMP®)** – Project Management Institute (PMI)
- **Registered Professional Engineer (PE)** – Pakistan Engineering Council (PEC)
- **Microsoft Power BI Certification** – LUMS
- **Google Project Management Professional Certificate** – Coursera
