

HARIS ARSHAD

(PMP®) | Technology Delivery, Agile Coordination & Cross-Functional Team Leadership

Islamabad, Pakistan | +92 309-5597954 | harisarshad235@gmail.com | [linkedin.com/in/haris-arshad](https://www.linkedin.com/in/haris-arshad)

SUMMARY

Project Manager (PMP®) with experience coordinating technology delivery across cross-functional teams of developers, QA, and infrastructure stakeholders. Skilled in managing Agile and Kanban delivery boards, translating business requirements into actionable work items, and driving projects from planning through release. Proven track record improving delivery efficiency by up to 80% and reporting visibility by up to 90% through structured scheduling and real-time dashboards. Experienced managing multiple concurrent workstreams and large-scale, multi-disciplinary teams in fast-moving, high-stakes environments.

KEY ACHIEVEMENTS

- Owned the Thunder Energy Analytics platform for Telenor end-to-end, from inception through delivery, continuously adapting scope and priorities as client requirements shifted throughout the engagement, delivering a production-ready analytics solution that met evolving business needs.
- Delivered PKR 103M+ in cost savings (22.5% under budget) on a PKR 459M nationwide Track & Trace System program by tightening cost controls and optimizing resource allocation across FY 2024–26.
- Boosted reporting efficiency by up to 90% by designing and deploying Power BI dashboards that gave stakeholders real-time visibility into project performance and decision-making.
- Directed a PKR 700M+ multi-project portfolio, owning budgeting, forecasting, and variance control to keep spend aligned with plan across all active initiatives.
- Recovered delayed deployment phases by restructuring schedules and reallocating resources, bringing projects back on track within compressed timelines.

TECHNICAL SKILLS

Project Tools: MS Project, Primavera P6, Jira, Click Up, Asana, Trello, Azure DevOps

Data Visualization: Power BI

Project Management: Project Planning & Scheduling, PMO Operations, Stakeholder Management, Agile/Scrum Experience, Risk & Issue Management (RAID), Budgeting & Cost Control, Change Control, Resource Planning.

PROFESSIONAL EXPERIENCE

Sigma Digital Solutions

Jul 2026 – Present

Project Manager

- Managed concurrent delivery of three software projects (Taggy, APC, and Premier Online) by coordinating client communication, task assignment, and progress tracking across parallel workstreams.
- Maintained project visibility and accountability by tracking tasks, sprints, and deliverables in Trello, keeping cross-functional teams aligned on priorities and deadlines.
- Served as primary client point of contact across all three projects, translating client requirements into actionable development tasks and providing regular status updates.
- Produced comprehensive project documentation, including user manuals, ensuring smooth handover and adoption for end users post-delivery.
- Streamlined task tracking and reporting by structuring Trello boards per project, improving team accountability and reducing miscommunication across workstreams.

AJCL Pvt Ltd

May 2024 – Apr 2026

Project Planning and Control Engineer (PMO)

- Managed the software delivery lifecycle for the CDA Smart Parking Digitization project by gathering requirements from the development team, tracking sprint progress, and coordinating UAT before each release, ensuring the platform met business and compliance requirements on schedule.

- Reduced project delays by 80% by implementing dependency-driven scheduling and proactive risk identification across a PKR 700M+, 150+ site portfolio, stabilizing delivery timelines across concurrent workstreams.
- Boosted reporting efficiency by 90% by designing and deploying Power BI dashboards, giving leadership real-time visibility into cost, progress, and delivery risk across the portfolio.
- Delivered 80% of prioritized work items within approved scope by maintaining a structured backlog and RAID log, ensuring priority items were estimated and ready before each planning cycle.
- Managed a PKR 700M+ multi-project portfolio as the central point of coordination between engineering, compliance, and regulatory teams, keeping spend within 3% of approved budget through active forecasting and variance control.
- Increased execution visibility by building Integrated Master Schedules in MS Project, improving cross-team alignment and SLA adherence across 150+ sites.

SOFTOO Pvt Ltd

Aug 2023 – Mar 2024

Associate Project Manager

- Lifted on-time sprint delivery to 70% (from a lower baseline) by facilitating Scrum ceremonies and coordinating a Kanban backlog across development, QA, and infrastructure teams for FAB and Telenor.
- Led Agile software delivery for cross-functional teams of 30+, coordinating requirements gathering, sprint planning, and release readiness across the SDLC for two enterprise client platforms.
- Resolved delivery blockers and cross-team dependencies as primary client interface, maintaining uninterrupted sprint execution and stakeholder satisfaction across parallel workstreams.

SOFTOO Pvt Ltd

Feb 2023 – Aug 2023

Junior Project Coordinator

- Cut reporting errors by streamlining project documentation, improving accuracy of milestone tracking and stakeholder visibility.
- Improved cross-team alignment by coordinating weekly delivery meetings between business stakeholders and technical teams.

Mobiserve Pakistan

Feb 2022 – Sep 2022

Business Development Officer

- Identified and converted new business opportunities, contributing to revenue growth.
- Developed client proposals and solutions, improving acquisition and retention.
- Executed targeted campaigns to increase lead generation and sales pipeline.

Al Rehman Enterprises & Co Private Limited

Oct 2019 – Dec 2021

Site Engineer (PMO)

- Supported end-to-end execution of construction projects, ensuring adherence to timelines, budgets, and quality standards.
- Resolved on-site technical issues and interpreted engineering drawings to maintain uninterrupted progress and compliance.
- Coordinated with contractors, consultants, and stakeholders to ensure alignment and timely issue resolution.
- Developed and tracked project schedules using Primavera P6 and MS Project, improving planning accuracy and progress visibility.
